ONE-PIECE EDELMAN AUGER FOR COMBINATION SOILS

Augers' Welded Construction Won't Come Apart During Use

Versatile, lightweight hand Eijkelkamp One-Piece Edelman Auger is easy to carry, require no assembly in the field and works well in Combination Soils.

The one-piece welded construction won't come apart during use and works best at depths of up to 3'. The standard one-piece crossbar handle is welded to the steel shaft, which is then welded to the Auger at the bottom. 2-3/4"-dia.

SPECS:

- Max Depth 3'
- Diameter 2-3/4"
- Material steel
