## pH Paper strips

This roll of pH paper is quick, easy to use and ideal for several water field tests. The dispenser allows you to perform a seamless cut of the paper in different dimensions, according to your needs. It includes color chart to compare the results from 0 to 12 pH in increments of 1.0 pH.

This package includes a jumbo roll of pH paper with one roll of 50' L, ½" wide and one color chart.

Depending on the length of strip you use, you can make more than 50 tests with this package.

### Specs:

- One roll: 50' long and ½" wide
- Escala: 0 – 12 pH
- Increments: 1.0 pH
